

SIXTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, NOV. 2, 1905.

No. 43

IMPROVEMENT

In Earlinton Yard—Six Tracks Will be Added and Coke Track Will be Doubled.

NUMEROUS OTHER IMPROVEMENTS TO BE MADE.

On account of the vast increase in the traffic of the Henderson division the L. & N. has decided to extend the yard limits at this place and greatly increase their freight handling facilities. The yard will be divided into a north and south yard and six new side tracks will be added between No. 9 tipple and No. 11 switch. There will be a lead track extending north to the Fleming curve, and No. 10 track will be extended south to Barnsley making a siding of nearly 14 miles.

The coke oven track or No. 12, will be a double track consequently the coke handling facilities will be largely increased. A large force of men are now at work near Hecla with steam shovels and graders and the work will be pushed to completion as rapidly as possible. When this work is completed it will practically eliminate all switching over the Main street crossing as trains will be made up in the new yard. A general yardmaster's and telegraph office will be placed at No. 9 tipple in order to avoid delay to trains originating at Earlinton.

Few people outside of the officials and Yardmaster Braumwell have any idea of the vast amount of freight handled in and out of Earlinton. In one month's time there are on an average 3926 loads received from the north, 2819 loads received from the south and 2650 loads of coal and coke originating from the St. Bernard Mining Company making a total of 8721 loads handled by the Earlinton yard force and these figures do not include the empty cars for the coal trade. In addition to this there are handled each day in this yard 8 mixed trains, 6 through freights and 6 through passengers. In the month of January, this year, there were 200 trains received from the north and 268 from the south with an average of 850 tons of freight to each train, this means there is something doing in the Earlinton yard all the time and the yard crews and switch engines are kept busy day and night.

The L. & N., will spend \$18,000.00 in extending the Earlinton yard and it is the consensus of opinion here that they have taken a long step in the right direction.

Rural Mail Costly.

Rural free delivery is expensive but good. It has cost something more than twelve millions a year already, though it reaches not more than one third of the rural population if any population can be properly described as rural in these utterly urban days. Petitions for the extension of this service pour in by the bushel. There were nearly five hundred of them in one week of last summer. New routes are established at the rate of about six hundred a month. When "every farm house is reached," the expense will be at least sixty million of dollars, provided no reduction of salaries is made, and the salaries of officials have a habit of being increased, not diminished. Rural free delivery is a great and good thing, and it shows how much Congress loves the farmers, for their virtues, of course, and not for their votes.

PUBLIC PRINTER

Cuts Down Estimates and Declares He Can Still Save More.

Washington, D. C., Oct. 30.—Mr. Ricketts, the Acting Public Printer, has submitted his estimates to the Treasury Department for transmission to Congress, showing the amounts required for the conduct of the Government Printing Office for the next fiscal year. The total amount carried on the estimates, including an item of \$50,000 for leaves of absence, is \$5,359,294.02. The amount expended for the fiscal year which ended last June was \$6,780,256.60; or an excess of \$906,022.64 over the amount which the Acting Public Printer estimates as necessary for the coming year.

Mr. Ricketts tonight stated that his estimates were compiled without reference to any action which might be taken by Congress or the Executive Department looking to further reductions in the printing bill. He said that if Congress would remedy the defects in the printing laws which he regards in large part responsible for many of the wastes in printing, the saving to the Government would be much larger than that indicated by the reduction shown in his estimates.

ESCAPES GALLOWS.

Death Sentence of Jas. Ezell Commuted to Life Imprisonment at Uniontown, Pa.

Paducah, Ky., Oct. 30.—The death sentence recently passed upon James Ezell, of Mayfield, at Uniontown, Pa., for the murder of Wm. Porter, will be commuted to a life sentence in the penitentiary, and the Kentucky boy will escape the gallows by the faithful work of his counsel, Hal S. Corbett, of Paducah. Mr. Corbett has just returned from Harrisburg, Pa., where he placed the case of Ezell before the Pardon Board and asked that the death sentence be commuted to life imprisonment.

Ezell is just twenty two years of age and was reared in Western Kentucky in one of the best families. His father lives in Mayfield, and the boy is known here. In September, 1904, while working as an operator at Uniontown, Ezell became involved in a quarrel with Wm. Porter, dispatcher, and the result was that Porter was killed by Ezell.

LIFE TERM.

Frank Card, Formerly of Henderson, Receives Sentence for Brutal Murder.

St. Louis, Mo., Oct. 30.—Frank Wallis Card pleaded guilty today to the charge of murdering Mrs. Beulah Craft, formerly of Henderson, Ky., for whom he had forsaken his wife, and was sentenced by Judge Reynolds to ninety-nine years' imprisonment. Card was silent in court as he had been over since the tragedy. All efforts to get him to talk of his crime were in vain. He had become known at the jail as "The Silent Man."

When seen in the jail tonight Card was smiling. Queried as to the cause of his merriment he said that he was pleased at having escaped hanging.

A Correction.

Some time since THE Bee was struck on the head by Engineer Patterson. This was an error, it was the engineer of the steam shovel who struck young Stodghill. THE Bee is glad to be able to make this correction.

FIERCE FLAMES

Do Great Damage to the Dry Goods and Clothing Stock of J. M. Victory.

CAUGHT FROM ELECTRIC LIGHT.

The inhabitants of Earlinton were awakened from their slumbers Friday midnight by several successive blasts of the yard engine whistle. This is the recognized fire alarm at this place and in a short time a number of citizens were on hand to extinguish the flames. As it happened there was a play on at the opera house that night and quite a number had just returned home and had not retired, consequently they were able to be on the scene quickly.

On arriving at the scene of the fire it was discovered the fire was in the upper story. Thick black smoke was issuing from every crevice and flames could be seen through the upper windows. Robert Steinbaugh was the first man to discover the fire and he policeman Mitchell broke the glass in the front door and attempted to go upstairs but the smoke was so dense they could scarcely breathe and were forced to come down.

EVERYBODY WORKS UNCLE.

The Nurse—The President Thinks You Ought to Take These Two in Charge, Also.

In the meantime several were on the scene including the hose department. There was no way to get the water to the fire unless the upstairs windows were broken. Albert Lar mouth and two or three others finally succeeded in getting into the building to help the fire.

Between the flames and water the stock consisting of men's clothing, hats, caps, carpets, matting, etc., were partially ruined. The water dripped through the floor and considerably damaged the stock down stairs. Men's and boys' suits, woolen hats and various other articles partially burned can be seen on the floor water soaked and muddy where they had been trampled under foot.

Mr. Victory had lately placed his fall and winter stock of goods and had in the neighborhood of \$15,000.00 worth in his store. The fire is thought to have originated among the clothing where an electric light bulb was found hanging against them. The loss is fully covered by insurance.

MISS ELEANOR DEE GORDON

Entertains Her Many Friends With Unique Hallowe'en Party in Honor of Her Fourteenth Birthday.

The elegant home of Mr. and Mrs. W. L. Gordon was the scene of gay festivities Tuesday night. Miss Eleanor Dee, the charming daughter of this home, was fourteen and in her honor was given a 'Hallowe'en party. In addition to being brilliantly illuminated, jack-o'-lanterns and Japanese lanterns were placed in profusion about the house. The rooms were artistically decorated with green boughs of oak and maple and the dining room contained, in addition to the many good things to eat and drink, a large Japanese umbrella, hung with a number of tiny lanterns of brilliant hue.

At seven o'clock promptly the guests began to arrive. They were dressed in the most fantastic style and represented everything from the goddess of liberty, enlightening the world, to prim puritan maid, Indians, clowns, Turks, Greeks, Japanese, all were there, and a merry time they had. The genial host and charming hostess kept the children busy playing various games and shafts of mirth filled the house. While the children were in the

SMITH DIDN'T COME BACK

Abscording Bank Cashier Still in Parts Unknown.

SMITH DID NOT ORGANIZE EARLINGTON AND MADISONVILLE BANKS — A CORRECTION.

W. B. Smith, former President of the Western National Bank, who is under several indictments in the United States Court, at Louisville, did not return to that city on Sunday as it was predicted by his friends. His attorney said that he had heard from Smith but declined to say when or from what place or country. It is generally believed that he will not return at all unless traced and arrested by government agents.

An error of fact appeared, inadvertently, in these columns last week with reference to the connection of W. B. Smith with the Kentucky Bank and Trust Co., of Madisonville, and the Earlinton Bank. It was stated that Smith had organized these banks. This was not the case and THE Bee takes pleasure in correcting the error. Both these banks were organized by Judge J. F. Gordon and Madisonville associates, who, after the organization of the Madisonville bank mentioned, brought Smith in as a banking man with experience and made him cashier of that institution. Smith was a stockholder in both banks.

As THE Bee said last week: "Smith did not have his hands on these banks long enough to leave his taint and each of the banks mentioned ranks among the best." Jessie Phillips has been cashier of Earlinton Bank since its organization.

Will Issue Xmas Edition.

The Earlinton Bee will issue on Dec. 14th, a 24 page Christmas edition. This edition will have a handsome holiday cover representing the "Nativity" and will contain in addition to the amount of local and general news, illustrated Christmas stories and verse. We will issue 3000 copies of this edition and advertisers will do well to take advantage of the increase in number and volume. Remember the Earlinton Bee circulates largely where no other paper goes and is one of the best advertising mediums in this end of the state. If you want the Earlinton trade you must advertise in THE Bee and don't forget, "It pays to advertise."

Ghosts Promenade.

A crowd of fun lovers met en mask at Miss Celeste Moore's Hallowe'en, bent on inking that evening as full of ghostly horrors as possible. Upon the arrival of the leader the ghosts took up their line of march and traversed some of the principal streets and a few back alleys, suitable only for the rendezvous of ghosts.

After a halt at Mrs. Robinson's, they were at last corralled at Witch Mabel Martin's, where the remainder of the evening was spent in trying fortunes and enjoying the good things that are so acceptable to tired, hungry ghosts.

Cotton Output.

Washington, Oct. 30.—The census bureau issued a bulletin today placing the cotton ginned in the United States up to Oct. 18 at 4,940,728 bales, round bales being counted as half bales. The statement is based on reports made by the bureau's special agents in the field.

Arrival of the Logan San Francisco, Cal., Nov. 1.—The United States army transport Loran, which sailed from Manila, October 1, arrived here with the officers and men of the Ninth infy regt, a number of camels and about fifty sick soldiers.

Pobledonness Has Resigned.

St. Petersburg, Nov. 1.—Constantine Strochit Pobledonness, chief prosector of the holy synod, has resigned.

FAREWELL TO GOV. WRIGHT

One of the Most Popular Demonstrations to an American Official.

Amherstburg, Engletham, Sandusky and Milford, of Ontario, Pay Tribute to Gov. Luke Wright.

Manila, Nov. 1.—The farewell banquet to Gov. Luke E. Wright was attended by many Americans and citizens and was one of the most popular demonstrations ever given to an official of the islands. The governor was toasted by Americans, Englishmen, Spaniards and Filipinos. He was cheered for ten minutes when he arose to speak and was given a standing ovation by his colleagues for the work that had been accomplished. He said there had been personal differences between the commissioners. From the first they never had been conscious of swaying from the policy of President McKinley. He said he had no desire to cease political discussions and was for the development of the islands. He said:

"Whatever may be the utterances of any American, however distinguished, during his administration, Congress speaks for the people. In view of what has been accomplished, may not the most suspicious Filipino trust the government?"

Gov. Wright expressed faith in the future of the archipelago and his belief that the countries would act favorably toward him. A delegation that he intended to return in a few months was greeted with great applause.

A public reception which will be tendered to Gov. Wright and family on Friday promises to eclipse any similar event ever given here.

MAY RESULT IN GOOD LESSON

A College Initiation Prank That Resulted in Death and May Lead Perpetrators to Prison.

Cincinnati, Nov. 1.—Coroner Scarborough of Mount Vernon and police officials of this city have examined the body of young Stump, one of those who was killed by a train near Gambier, O., while walking to be initiated into the Delta Kappa Epsilon society of Kenyon college, where he was a freshman.

Coroner Scarborough says that Piereson was tied to the railroad tie and fastened to the ties to test his nerve. It was his intention, of course, to merely frighten him by placing him until the regular eastbound train came along. But an extra train swept along and a young man could not be released in time to escape it, as the coroner believes.

Coroner Scarborough says that similar pranks, but without this terrible ending, have been played at Gambier before. He has arranged with the county prosecutor to prosecute parties concerned, all of whose names he has.

DEFORD WANTS VACATION

Novel Point Presented in Habeas Corpus Proceedings on Behalf of a Missouri Convict.

Jefferson, City, Mo., Nov. 1.—R. J. Britton has filed in the state supreme court, in banc, application for a writ of habeas corpus on behalf of G. E. Deford, who is serving three years of a four year term for looting a small bank in northwest Missouri when he was cashier. The habeas corpus proceedings involve a curious point.

Deford, though his lawyer sets forth that he was sentenced to prison for three terms of two years each and that his commitment fixes definitely when each term should begin, has served 18 months of the first term, which under the three-fourths rule for good behavior, terminates his first term, and he is entitled to a break of three months before his second term of two years, six months hence.

THE YELLOW FEVER RECORD.

The Epidemic at New Orleans Is Grandly Petering Out—Still Bad at Pensacola.

New Orleans, Nov. 1.—The official report to 6 p. m. Tuesday showed: New cases, 3; total to date, 3,396. Deaths, 2; total to date, 446. Cases under treatment, 24; cases discharged, 2,926.

The break up of the federal forces which have been engaged in the fight against yellow fever has begun.

At Pensacola, Fla.

Pensacola, Fla., Nov. 1.—The summary of the yellow fever epidemic here is as follows: New cases, 9; total cases, 547. Deaths, 1; total to date, 78. Under treatment, 65; discharged, 404.

Mandamus Refused.

New York, Nov. 1.—Justice Sloane in the state supreme court denied an application by Wm. Halpin, chairman of the republican county committee for election to compel the board of elections to place the name of Wm. T. Jerome in the republican column of the official ballot, as a nominee for district attorney.

Abe Lincoln

LAID BARE THE TRUTH WHEN HE SAID:

"You Can't fool All the People All the Time."

We were well aware of the truth of this statement when we went to the expense and trouble to move our large stock of over **Five Thousand** Pants to Madisonville and place them on sale.

When we opened for business a little over a month ago we proposed a sale so unusual that it was calculated to arouse suspicion that we were trying to fool the people.

Our prices were so low that people were suspicious, but a few days' business entirely vindicated us in our claim of offering to the public the entire stock of the Forked Deer Pants Manufacturing Co. at Actual Cost of Manufacture. A thousand customers from Madisonville and surrounding country have been convinced that

we are selling pants cheaper than they have ever been sold in this section before.

Our business has been so satisfactory that we have decided to remain in Madisonville indefinitely.

Over two hundred distinct and up-to-date patterns from which to select. Largest and most varied assortment of pants in the State of Kentucky outside of Louisville.

You get the benefit not only of the retailer's profit but also of the manufacturer's profit because we are going out of business and will be satisfied to get back what our goods actually cost to make them.

Satisfaction in every purchase or your money refunded.

Forked Deer Pants Manufacturing Co. Makers of the Best Pants on Earth.

MADISONVILLE,

KENTUCKY.

Genuine U. S. Army SHOES!

Uncle Sam took inventory about 3 weeks ago, of his army supplies at the Quartermaster's Department and found he had a surplus of about 5,000 pairs of Army Shoes. He decided to sell them at a small cost and we bought 1200 pairs.

There are three sizes in the lot--8, 9 and 10--all wide, roomy shoes. They are made of tan Russian Calf Stock with a solid oak sole, Goodyear welted, and every seam is stitched four times. Every part of the shoe is inspected and stamped with the inspector's name, making it a guarantee of absolutely perfect stock and acceptable to Uncle Sam.

If you are in need of a good wear-resisting shoe for every day use, and can use one of these three sizes, it will be the chance of a lifetime to get even with the government.

These shoes can't be produced to retail for less than \$3.50 a pair. We place them in your hands at a "working-man's" price of

\$2.18 a Pair.

Dulin & McLeod,

MADISONVILLE, KY.

THE PRESIDENT FINISHES TOUR

He Spent the Last Day in New Orleans, Receiving a Warm Welcome.

MAKES THE RETURN TRIP BY WATER ON GOVERNMENT VESSELS

When the President Was Passing Down the River, To the Gulf, the Littleton, Tammie Magnolia, On Which He Took Passage, Was in Collision With a Frigate Steamer--One Was Injured.

The president finished his tour in the south at New Orleans on the 26th where he received a warm welcome. He left that city on the 27th, bound for the mouth of the Mississippi, where the armored cruiser West Virginia was awaiting to convey him to Hampton Roads, Va., where he will be returning to Washington by rail. Sixty miles below New Orleans the Magnolia collided with the flat steamer Europa, at 2 a.m., on the 27th, but no one on either vessel was injured. The vessel was severely damaged, but the president, after ascertaining that none was injured, returned to his bed. In the morning the revenue cutter Ivy arrived and conveyed the president to the West Virginia. The war vessel passed through the night without any accident.

The president was in constant communication with the main land by wireless telegraphy. Washington was communicated with for a distance of 1,100 miles. He exchanged greetings with the mayor of New Orleans, while coming up the eastern coast.

The president reached Hampton Roads on the night of Monday, October 30, and at 12:40 a.m. of Tuesday was transferred to the Dolphin, reaching Washington during the day.

Legally Upon Soil of America--Washington, Oct. 30.—So far as the official records show, President Roosevelt, on leaving the south on the West Virginia, was the first of the ex-emperors to leave the United States and go beyond its territorial limits.

The attention of some of the legal authorities here having been called to that fact, they were unanimously of the opinion that in going beyond the three-mile limit the president had in no sense violated the law.

They point out that there is really nothing in the constitution prohibiting the president from leaving American territory, and in the present case, being

on a national ship, the deck of which is as much a part of American territory as the District of Columbia, he has not legally departed from the country.

In fact, some of the able lawyers here express the opinion that even if the president should go to a foreign country the doctrine of extra territoriality would extend to that country with him.

The last two days of the president's tour were spent in Arkansas and New Orleans, where he received enthusiastic ovations.

The Virginia Society of Cottonseed Oil Crushers, Oct. 28—Secretary Honer's statement of the world's total supply of cotton shows a total of 3,666,216 bales against 3,653,232 last week. From the total of American cotton is 2,842,216 against 2,796,222 last week.

In Memory of the Dead—Tokio, Oct. 30.—Admiral Togo died in the afternoon at his home in Tokio, after a long illness. He left that city on the 18th instant to attend the funeral of the Emperor Meiji, who died on Oct. 25. He was 77 years old. He was the author of the victory over the Russians at the battle of Tsushima.

Yellow Fever in Mississippi—Jackson, Miss., Oct. 31.—To date 48 people have died in Mississippi during the epidemic of yellow fever. There have been 660 cases.

Doctors Prescribe for Specific Blood Poisoning

FOERG'S REMEDY

This is to certify that I have and am now selling Foerg's Remedy. I have a prescription for one bottle of the remedy, six bottles and about one pound of the salve. All packages in plain wrappers. All correspondence strictly confidential.

E. C. KENNEDY, M.D., Princeton, Ky.

If your remedy does not handle this remedy you will get a full refund of your money.

THE EPIGRAM is a weekly magazine published monthly, containing short articles on various topics. Nothing but short, snappy paragraphs. It is distributed

for a month's trial subscription, 10 cents. Address The Epigram, 829 West Penna St., Evansville, Indiana.

COLORED COLUMN

EDITED BY J. E. ROBINSON.

Mr. Frank Woods, a companion of Mr. Vester, who was found dead on Oct. 16th, was arrested and had an examining trial at Madisonville on Friday. Their seemed to be no evidence or proof as to his guilt and he was acquitted.

Prof. S. R. Driver is now authorized to write policies for the U. S. F. Insurance Co. of St. Louis, Call on him for information.

Mr. and Mrs. Wm. Ray made a business trip to Hopkinsville Sunday and were the guests of Rev. J. M. Hill while there.

Mr. Arthur Whistler, of Olmstead, visited Mr. and Mrs. Ivory Lewis Sunday. He was on his way to Evansville.

Mr. John Ferguson and wife, of Owensboro, are visiting Mr. and Mrs. Collins.

Messrs. Louis King and Thomas Wilson were in Evansville Sunday.

Miss Katie Couch and Mr. Merritt Brown were married by Rev. Smith at 10 o'clock at the A. M. E. church last Thursday evening. We hope them a happy life together.

Rev. H. A. Keeton has returned from the National Convention held in Chicago last week and reports a pleasant session.

Listen for another box entertainment to be given soon.

The A. M. E. Zion church is contemplating starting a revival soon. Prayer meeting has begun.

Mesdames Wm. Jones, Langford Oshun are improving.

The sick are Mrs. Lena Johnson, Miss Jones, Mabel Killibrew and Mrs. Johnson's baby.

Rev. and Mrs. J. E. Bailey entertained a few of their friends Monday evening, Oct. 23, in celebration of the 25th anniversary of their marriage.

The house was beautifully decorated with flowers. White crysanthemums being the dominating flower. After receiving the congratulations of friends, wishing the couple another 25 years of happiness the time was very pleasantly spent in music and conversation until ten o'clock, when there was served a two course luncheon, after which the guests departed to their several homes thanking Mr. and Mrs. Bailey for a pleasant evening. The pres-

ents received by the couple were as follows: Rev. and Mrs. L. W. Seelby, a silver cream ladie; Mr. and Mrs. J. Baynes, a silver sugar shell; Mr. and Mrs. Thomas Wilson, silver sugar shell; Mr. and Mrs. Batten, silver sugar shell; Mr. and Mrs. Porter, silver butter knife; Mr. and Mrs. Tillman Shelton, silver table spoons; Mr. and Mrs. Manuel Martin, chin pitcher and cupids; Mr. and Mrs. Killebrew, chin cuspidor; Mr. and Mrs. Oscar King, a dozen linen napkins; Mr. and Mrs. Ed Hughes, linen scarf; Mr. and Mrs. Joe Slaughter, linen towel; Mrs. Beatrice Smith, of Kansas City, a silver plate covered with white satin; half dozen linen napkins; Mr. Louis King, linen towels; Master George Martin, silver teazier; Mr. William Bailey, five dollars in gold; Mr. and Mrs. Henry Ray, glass ice cream saucers.

HECLA NEWS—COLORED

Mrs. Lelia Grady and little daughter Irene, who have been making their home in Zeigler, Ill., is here this week visiting Mr. Perry Grady and Miss Stella Eaves.

Mesdames Malinda Ray and Netta Slaton were the guests of Mrs. Salie Eaves Sunday.

A number of our people attended the meeting at Barsley Sunday.

Miss Matilda Slaughter, Stella Eaves, Gertrude Posey and Mrs. Lettie Grady were in Madisonville Saturday.

Messrs. Frazer, Dixie and others were the guests of Mr. Wylie Johnson Sunday.

Rev. J. C. Douglas was in Madisonville Sunday filling appointments.

SMALLPOX.

Judge Givens has not dared to specify what towns of Hopkins county did not pay their own smallpox bills. He cannot separate himself from his demagogery long enough to tell the truth about this matter—at least not in time for the correction to get abroad before the election—and relieve “certain towns” of an unjust reflection cast by the Judge in a recent editorial in the Madisonville Hustler.

In that editorial he said the county would soon be out of debt, “unless smallpox breaks out among Republicans of certain towns in the county,” thus intimating, for political purposes, that “certain towns” of the county had been a heavy expense to the county by reason of having failed to care for and support their own sick and control the disease at the town’s own expense.

Last week THE BEE asked Judge Givens to specify and to tell his readers what towns had been an expense to the county in this smallpox matter. THE BEE suggested that the Judge had recently said something about a “square deal” and told Judge Bud that “insinuation is not square.” We also indulged in some pleasantries at the inference from the Judge’s utter-

ance, that none but Republicans have smallpox. We asked the Judge what a Republican might do to become immune.

But Judge Givens does not specify the towns.

His reply is that “when you throw a rock into a pack of dogs, the one that is hit ‘hollers.’ The Earlington Bee ‘hollered’ and therefore we judge that it was hit, in connection with the expense the county was put to on account of the smallpox epidemics we had in the county.” And then he indulges in additional insinuation calculated to convince his readers that the Republican towns have been a heavy expense to the county by reason of the smallpox.

The Judge evades the question utterly and makes no reply to THE BEE’s inquiry and still leaves his readers in the dark, the victims of their own imaginations as to what “certain towns,” with some Republican citizens, there are that are such expensive burdens to the county.

Of course, the Judge would be unfair to anybody, for the world. He believes in a “square deal”. He says there isn’t any demagoguery at all in his makeup. He wouldn’t, of course—for his right arm—have anybody think that Earlington, for instance, was one of the towns that had Republican smallpox at the county’s expense. Of course he wants his readers to know that Earlington, as THE BEE stated last week, has not cost the county one cent in this connection. But when asked to “specify” this “square”, Judge does neither name the towns that have been an expense to the county nor those that have not been an expense. He still leaves his readers may guess an untruth.

Perhaps Judge Givens may specify—the election—to enjoy the smallpox epidemics at the expense of the county. In the

meantime let all good citizens pray for deliverance from demagogery and immunity from smallpox.

The home owners of Earlington, of whom there is a large and increasing number, as well as a gratifying proportion of those who live in rented property, have, most of them, made their places of abode real homes by beautifying their grounds with flowers and trees, while they add comforts to the interior of these homes. These things are already, and should become to even a greater degree, matters of pride and delight. THE BEE recalls that when our visitors of the United Order of the Golden Cross within our gates a few months since these friendly strangers said they had not expected to see any attractive homes here, because they looked upon Earlington as “just a mining town.” They said further, however, with emphasis, after arriving that the first impression made upon them was that Earlington was a city of homes. The vines and the flowers and the trees in the yards of these homes held out the sure promise of the comfort and the hospitality within. These are good things and we can’t have too much of them. Now is one of the best times in the year to plant trees, for both shade and fruit, roses and many hardy plants and shrubs would make homes beautiful. All can have these things at little cost of time or money. Trees may be brought from the woods in some variety and made to adorn the town and its homes. Let us all contribute in this way to make Earlington handsome and more attractive to our visitors and to ourselves.

Ollie JAMES thinks almost as much of Theodore Roosevelt as he does of William Jennings Bryan, so he says. He hardly

knows which is the greater man. Well, the original Roosevelt adherents take comfort and not offense in the praise now being accorded our President by his original enemies.

GREATLY ENJOYED THE TRIP

The President spent in the White House After His Trip by Land and Sea.

Washington, Nov. 1.—President Roosevelt came ashore from the dispatch boat Dolphin at the navy yard here. He had been en route from New Orleans in the cruiser West Virginia, notwithstanding the gale and heavy seas that attended the voyage.

The president was received by a guard of marines accompanied by the Marine band. Lined up on the wharf on either side of the landing was a squad of naval gunners who fired a salute of 21 guns when the president arrived, and an audience saluted when he left the ship at 12 o’clock.

Mr. Roosevelt drove to the yard and greeted the president on his arrival.

The president and Mrs. Roosevelt were driven direct to the White House.

Afternoon the president went to the executive office where a cabinet meet-

ing was held.

THE INCIDENT IS CLOSED

The Governor of Alaska Has Apologized to Admiral Train and Everything is Lovely.

Washington, Nov. 1.—The incident growing out of the attack on Rear-Admiral George Dewey by a Chinese mob near Nanking has been satisfactorily adjusted. The state department received a dispatch which read:

“Admiral Train has just arrived at Shanghai. The incident occurred near Nanking, October 24. Train and his party were shooting, when a woman was accidentally wounded by Train’s son but her injuries were slight. The son was severely wounded by the mob, and a carbine action was made. The mob of 2,000 attacked, and two Chinese were wounded by two civilians. No sailors took part in the engagement. The admiral, on receipt of the news, sent to the officers, assured their wives and punished the ringleaders of the mob. The incident is regarded as closed.”

A Cough Syrup which drives a cold out of the system by acting as a cathartic on the body, is furnished in Kent’s Laxative Honey and Tar. Clears the throat, strengthens the lungs and bronchial tubes. The best friend and the children’s favorite. Best for Croup, Whooping Cough, etc.

Sold by St. Bernard Drug Store.

Distinctively Different

In Every Way the Best

The Weekly Globe-Democrat of St. Louis, covers the field peculiarly and exclusively its own. It is issued twice every week. A big SEMI-WEEKLY paper, eight to ten large pages every Tuesday and Friday. One Dollar a year.

No other paper is like it. No other paper is so different, you say, about that—there are other “Twice-a-Week” papers.

Yes, but the similarity ends there. No other paper is like the Globe-Democrat in any other respect. No other paper equals the Globe-Democrat in popularity.

An entirely unique feature of the Globe-Democrat, a feature which is highly prized by its readers, is its systematic method of presenting and publishing THE WHOLE WORLD.

The two pages each week, Tuesday and Friday, are carefully prepared with the view of giving the complete news of all the world for that week, and the news is so combined in the make-up as to form continued and connected stories of the various important events, showing the developments from day to day and the final results.

Other weekly and twice-a-week papers, as a rule, print only a few columns of news, and that at the end of many pages.

The “Twice-a-Week” Globe-Democrat gives the telegrams of every day in the week more completely than the average Daily, and of course to the reader reader.

In this paper, the “Twice-a-Week” Globe-Democrat is not simply an echo of the Daily edition.

It is a separate and distinct publication, especially prepared to supply the requirements of people who want all the news of the earth and something more.

It presents the World’s daily history in concise but complete form. It is of equal interest to all parts of the United States. It is more readable, more interesting, more young and old.

It thoroughly provides for every member of the family. In high-grade literature it particularly excels. Its market reports are correct and complete in every detail.

It is the best paper in the whole Home. “The Farm and Garden,” “The Family Circle,” “The Sunday School,” “Science and Industry,” are each and all THE BEST of their kind, and either one is more than worth the sum paid for the paper.

It is a true REPUBLICAN, but it is above all a newspaper, and it tells the truth without fear or favor. It has no equal or rival as a great National news and humor journal.

Remember, the price is One Dollar per year—104 papers—less than one cent a copy. Postage prepaid.

You will make no mistake if you send \$1.00 TODAY for a year’s subscription. Or you can get your own paper OR TRY IT WITHOUT COST, and if you like it, you can get your neighbors to subscribe and sending their names with \$2.00.

FREE SAMPLE COPIES, containing order blanks and full particulars, will be cheerfully furnished upon receipt of postal card request. Address Globe Printing Company, Publishers.

ASHBY & BAKER'S Great Loom End and Bargain Sale

That Commenced Saturday, Will Continue All Through This Week and Next.

The greatest sale in our history! Better goods, better values, lower prices and larger assortments will make this the crowning achievement of this SALE of SALES!

It's the bargain sale of the year. Thousands wait for it and look forward to it. Every person knows it means a wonderful saving to them, and the people come to our store assured that they get what is advertised. Confidence in our store, our methods and our goods have made these sales the talk of the economical people within our selling territory. Our aim is to increase this popularity and to please our customers. As a suggestion, it will be a very good policy to make it a point to do shopping early as possible during this sale, as some of the Loom End lots are not so large that they will last during the whole time of the sale. Come early and get the cream of the stock, before it is picked over.

ASHBY & BAKER,

Plenty of Loom End Calicoes at 1 cent per yard for 1 yard lengths and under; longer lengths, 3 cents per yd.

Madisonville, Ky.

"DO IT TO-DAY!"

Have You Ever Heard?
That if you rub grass stains with molasses they will come out without difficulty. — the ordinary wash.

Those spots may be removed from gingham by being wet with milk and covered with common salt. Leave for an hour or so, and rinse out in several waters.

The sheep sorrel will take out rust stains from cloth. Rub thoroughly on the stains, and then take out the resulting grass stains with either molasses or aleochol.

That you can make a faded dress perfectly white by washing it in boiling cream of tarter water.

That salt dissolved in alcohol will often remove grease spots from clothing.

That mud stains can be removed from silk if the spots are rubbed with a bit of flame, or, if stubborn, with a piece of linnen wet with alcohol.

That two potatoes grated in a basin of warm water give better results than soap in washing delicate flannel or woolen goods, ribbons, etc.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire meat into poison. This not only deprives the blood of the oxygen it needs, but it poisons the body, but it poisons in. Kodol Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach, and allows that organ to rest and get strong again. Relieves Belching, Heartburn, Stomach Indigestion, Palpitation of the Heart, etc.

Sold by St. Bernard Drug Store.

BUCKNER HILL ITEMS.

Uncle Dick Buckner, who has been ill, is up again.

W. C. Wilson and Wm. Rayburn have returned home from a fishing trip.

Mrs. Fannie McGregor is no better.

W. R. Brown was in Madisonville Saturday on business.

Mrs. Ella McManus and Mrs. Viola Wright were in Madisonville Saturday shopping.

Mr. and Mrs. Dooms, of Earlington, visited Mr. and Mrs. Oscar Eben Sunday.

Mr. Clift Raynor, who has been visited his sister, Mrs. Louis Jackson, Sunday and returned to his home in Tennessee Monday.

Carol Young spent Sunday at Indiana Foxes.

Miss Mamie Littlepage has the whooping cough.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat, but it also tones the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol believes stout stomachs, heart burn, belching, and all forms of indigestion.

Sold by St. Bernard Drug Store.

The vaccine for the cure of tuberculosis, the discovery of which was recently announced at the International congress at Paris by Prof. Von Behring, will be brought with in the reach of the poorest people in every part of the world within a year, according to a statement made by Dr. E. Blechhoff, the firm of C. Blechhoff & Co., the professor's American agents. Dr. Blechhoff is satisfied that a cure for consumption has actually been discovered, and denied that Von Behring is holding back his discovery for the sake of the money to be gained.

Constipation.

Health is absolutely impossible, if constipation be present. Many soldiers and sailors, who have been in foreign lands, have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is surely nothing like it. C. A. Lindsay, P. M. Bronson, Fla., writes, Feb. 12, 1902: "Having used Hernie, I find it a great help for constipation. See a bottle."

Sold by St. Bernard drug store.

London physicians have taken up the subject of constipation and are describing it as an alternative to tonics or drugs. For the time being, the raw food cure, electric baths, open air, starvation, flossen rays, soothing music and going barefooted are set aside in favor of unrestrained mirth. "For one thing," says a London doctor, discussing the new remedy, "it accelerates the circulation and aids digestion. It relaxes the brain by quickening the movement of the blood through the veins and vessels."

\$600, GIVEN AWAY.

Christmas Presents for Subscribers to the Weekly Courier-Journal.

The Weekly Courier-Journal (Henry Patterson's paper) wants to show that it has been very successful during the past year with its subscribers. It proposes to give away twenty Christmas presents, ranging from \$100 to \$200. There will be four general presents of \$100, \$50, \$30 and \$20 and sixteen presents of \$30 and \$20 to be given in the states of Texas, Mississippi, Missouri, Virginia and Alabama. The plan is plain and simple. Write the Courier-Journal, 100 Main Street, Earlinton, Ky., for a copy of the Weekly Courier-Journal, giving full details. It will be sent free.

Foley's Honey and Tar heals lungs and stops the cough.

Consumption

FREE TRAINING OF NURSES.

Young Women of Small Towns and Country Districts to be Favored.

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They can take

SCOTT'S EMULSION

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

We will send you a sample free.

Be sure that this picture in the form of a label is on the reverse of every bottle of Emulsion you buy.

No Abbreviation.

Two brothers, Julius and William, but commonly called Julie and Bill, were in the same class at school. The first morning of a certain teacher's regime each pupil was called upon to give his name. The elder of the two brothers happened to be the first one.

"Your name, please?" asked the teacher in sharp, business-like tones.

"Julie Clark."

She passed her pencil raised above the tablet upon which she was prepared to record her pupils.

"No abbreviations, please—the whole name."

"Julius Clark."

"Thank you; thank that will do. And you'd better quelled your little William, who was literally quaking with fear of those staccato sentences and clear-cut tones."

—Billis Clarke," said the stammerer.

A Card.

This is to certify that all drug-givers are authorized to refund money if Foley's Honey and Tar fails to cure your cough or cold. Stop the cough and beats all incipient consumption. Contain no opiates and is safest for children and adults. Take a spoonful three times a day. Stop the cough and heals the lungs.

Sold by Jno. X. Taylor.

A new and remarkable addition to the useful applications of electricity is just now receiving the attention of the postal authorities of several European countries—the invention of Count Taeggi, an Italian. It consists of a device for the transmission of letters between distant places by electricity. For this purpose is proposed to construct a miniature railway strung on wires about the height of ordinary telegraph poles, the letters being transmitted in tiny inclosed carriages propelled by electricity.

Sold by Jno. X. Taylor.

Double Daily Service to Mexico.

Over 19,000 passengers from St. Louis to Chihuahua, the Iron Mountain Route and connecting lines, through Little Rock, Texarkana, Longview, St. Anthony, and from St. Louis 2:20 p.m. and 9:30 p.m. daily. Elegant dinner car service. Mexican low rates. Liberal stop over privileges. For information, rates, descriptive literature, see agent, R. T. Mathison, T. P. A., Iron Mountain Hotel, St. Louis, Mo.

The service is for double the time.

Sold by St. Bernard Drug store.

Imports during the six months

ended June 30, 1902, show an item

of breadstuffs valued at \$8,623,300.

By the terms of a fund to be administered in connection with the Philadelphia School of Nurses, Witherspoon Building, Philadelphia, a number of young women from every county will receive free training in the nursing profession, planned to ultimately reach and help in every way village and town.

The young women will be provided with room, board, nurse uniform and all the refinements of a well-appointed Christian home. At graduation the diploma of the School and the Order of the Red Cross will be conferred, qualifying for practice in any State or country; the railroad fare will then be paid back home.

Those applying and chosen to receive the benefit of this fund will be given two years' training, with a like period of probation and demonstration; how to establish and maintain perfect sanitary conditions about the home; they are prepared for positions as office nurses and physician's assistant; they get a practical knowledge of City Mission movements, Deaconess training, College settlement work, and are trained for special positions of trust in institutions.

In addition to regular nursing, the young women are taught how to preserve their own health; how to reconstruct and develop character; how to establish and maintain perfect sanitary conditions about the home; they are prepared for positions as office nurses and physician's assistant; they get a practical knowledge of City Mission movements, Deaconess training, College settlement work, and are trained for special positions of trust in institutions.

The school is ten years old, and is endorsed by physicians, leading educators and prominent men throughout the country.

Any young women of Hopkins county who wish to avail themselves of this exceptional opportunity to equip themselves for this noble work in life under the best conditions and without cost may get in immediate touch with the institution by addressing their application to the Philadelphia School for Nurses and enclosing the letter to Paul M. Moore, Publisher of THE BEE, to be forwarded to the proper officers of that institution.

Take a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25¢

This country imported during the first six months of the year 42,881,806 pounds of raw cotton, valued at \$6,500,000.

If Prof. Behring has found the way to cure consumption he might as well say at once which particular niche in the hall of fame he most prefers.

CHURCH DIRECTORY.

CATHOLIC CHURCH.—First mass every Sunday and holy day at 7:30 a.m. Second mass and preaching at 10 a.m. Vespers and benediction at 5 p.m. Bev. G. W. Morris, pastor.

ORPHANAGE CHURCH.—Sunday school at 9:30 a.m. Preaching every Lord's day at 10 a.m. and 7 p.m. Prayer meeting every Wednesday at 7:30 p.m. Elder Howard Branson, pastor.

EPISCOPAL CHURCH.—Services Wednesday evening at the Library at 7:30 p.m. Rev. George C. Abbott, rector.

FOR SALE.

One full sized lot 50x190 feet. Good building lot in good neighborhood. Will sell cheap. J. E. FAUCETT.

Every one wishes to send a lot of souvenirs cards to their friends and relatives if they are scenes around home. You can secure these cards at the St. Bernard drug store. Call and see them.

HALL'S Hair Renewer

Makes the hair grow long and heavy, and keeps it soft and glossy. Stops falling hair and cures dandruff. It always restores color to gray hair. Sold for fifty years.

It is the best hair renewer in the world. It is a vegetable product.

For Breakfast Luncheon or Tea

A few small biscuits easily made with Royal Baking Powder. Make them small—as small round as a napkin ring. Mix and bake just before the meal. Serve hot.

Nothing better for a light dessert than these little hot biscuits with butter and honey, marmalade or jam.

You must use Royal Baking Powder to get them right.

ROYAL BAKING POWDER CO., NEW YORK

LOCOMOTIVE BLASTS

Brakeman Ward Stodghill, who is working on the worktrain at Cedar Hill, Tenn., visited home-folks here Sunday.

W. G. Harris, of Hopkinsville, has signed a contract with the American Engineering Co., of Indianapolis, Ind., to locate and complete the survey of the Dawson Springs & Madisonville Rail way Co. The corps of surveyors will be on the grounds the first of this week and will push the work to completion as fast as the weather will permit.

During the year ending June 30, 1905, 886 persons were killed and 13,783 injured as a result of accidents on railroad trains, according to the report of the interstate commerce commission, that has just been made public. There were 1,231 collisions and 1,582 derailments of which 163 collisions and 168 derailments affected passenger trains. Damage to cars, engines and roadways by these accidents amounts to \$2,110,471.

Fred Hosse, Jr., has accepted a position with the transportation department as caller.

The Providence accommodation made a trip here Sunday with coal shipments from that place.

Last week there was a meeting of the representatives of the Louisville & Nashville Railroad in Louisville and it was decided that the soliciting agents or the highest representative in each town take particular interest in the matter of unloading cars.

Operator Jas. Sander, who formerly worked here, but has been stationed at Howell, Ind., for sometime, is again at the key at this place nights.

Glyde Evans, who has been working on this division for several months, has resigned and will seek employment elsewhere.

Conductor Ed. Heifer has

tive of the road will on the shipper and assist him in unloading the car.

As a result of the wreck which occurred at Chalybeate Springs several weeks ago, which it is alleged, was caused by the operator at Kelly's going to sleep and failing to deliver an order to the southbound train, very stringent orders have been sent out to the operators along the division. Under these orders when an operator receives an order he is to go out and place a torpedo on the track or post some other signal as required by the order, after doing which he is to report to the dispatcher giving the order that the proper signals have been displayed. This will entail additional work on the operators but will reduce the danger of head-on collisions to a minimum.

It is rumored that the Illinois Central Railroad Company will build a bridge across the Ohio river at Henderson. Surveying has been in progress by engineers of the company around there for several days and as the Illinois Central recently purchased land near the river and in the neighborhood where the surveying is now going on it is thought that the bridge will be built in the near future, if not at the present time. The company has been using the L. & N. R. R., bridge at that point to get across the river for the past year. No official announcement has been made by the company, however, in regard to this matter.

Operator Jas. Sander, who formerly worked here, but has been stationed at Howell, Ind., for sometime, is again at the key at this place nights.

Glyde Evans, who has been working on this division for several months, has resigned and will seek employment elsewhere.

Conductor Ed. Heifer has

been off taking a few days' vacation this week.

An excursion train was run over the division to Evansville, Ind., Sunday.

Ask Baggageman Browder Myers if he likes to handle show scenery.

Two engines will be stationed at the scene of the new improvements to be made here, within the next days when the steam shovel begins operations. One engine will handle empties and the other one loaded cars.

RED HILL ITEMS.

The farmers of this vicinity are busy hauling coal and preparing for cold weather, though those little showers of rain will call them to their tobacco barns to strip tobacco while raining.

Hansen Creek, of this section, was in Crofton Friday.

Misses Ozie and Lonnie Denton, of near here, were in Crofton Thursday shopping.

Jack Kirkman, of near here, made a business trip to Hopkinsville on day last week.

Herb Cash, of Huckleberry Ridge, spent Saturday and Sunday with his brother, Martians, at No. 5 school house.

Mrs. Cynthia Price is visiting her sister, Mrs. Ellen Price this week. Joe Campbell and J. H. Denton were in Crofton Friday on business.

Levi Cash and wife, Dennis Price and wife, Mrs. John Wright and Mrs. Belle Hawkins were at John Bennett's Sunday.

J. L. Cash, of near here, raised himself a new corn crib Tuesday.

Mrs. Cynthia Price, of this section, spent Friday at York Crabtree's, of Crofton.

Dennis Price and wife were in Crofton on day last week.

Madame John Bennett and Jake Cash spent Tuesday at Levi Cash's. Miss Thimirk Kirkland spent Monday afternoon with Mrs. Meredith Price.

Geo. Melton spent Sunday at Jno. Wright's.

Parley Wright is visiting his aunt, Mrs. Jeanie Gamble, near Crofton.

Mr. Z. F. Price went to see his son, Leo, at New Empire Sunday.

Wilson Ogleby, of this place, made a business trip to Crofton on day last week.

Mr. Dalton Critch went to Maunington Tuesday on business.

J. H. Denton and several others are working on the roads. They have been in a bad condition.

SMITH CAME BACK.

Arrived in Louisville Yesterday.—Delayed by Rough Weather:

W. B. Smith, the banker who was under indictment in the Federal Court, arrived in Louisville yesterday and gave bond for \$5000 with the American Surety Co., as surety. He said rough weather at sea prevented his return at the time he was scheduled to arrive. He spent Tuesday night at Cincinnati upon advice of his attorney, to avoid arrest and a stay in jail at Louisville over night.

This news comes in the late editions of the Louisville papers, after the story on our front page was printed.

Favored by Both Parties.

Republicans and Democrats alike praise Foley's Honey and Tar for coughs, colds and all throat and lung diseases, as no other remedy can compare with it. It is safe and sure. F. T. Slater, merchant, 171 Main St., Gloucester, Mass., writes: "For a long time I have had a very bad cough which I had for three months though other remedies failed to benefit me. I can highly recommend it for coughs and colds." Said by Jno. X. Taylor.

OLIE JAMES,
Congressman From First District
Heard at Temple Theatre.

LAFFOON MAKES BRIEF SPEECH.

Hon. Ollie James spoke at Temple Theatre Sunday afternoon in the interest of the Democratic party and the county ticket. Day is not a good time to get a crowd in Earlinton and the audience numbered only about 150. Earlinton, Madisonville, Danvers and Russellville were there. There were a few ladies present. The meeting was not held at night, because the dates were filled with shows for several nights. The speaker was introduced by Mr. Phillips.

Mr. James is perhaps the best campaigner in the Democratic party in the State of Kentucky and probably made the strongest Democratic speech that will be heard in Hopkins county during the present campaign. He had a great deal to say of both Mr. Roosevelt and Mr. Bryan and it was hard to tell which he excelled the largest proportion. A Democrat, who did not vote for Roosevelt, said after the speaking that Ollie almost made him throw up his hat and shout, "Hurrah for Mr. Phillips!" before the meeting was at an end.

He devoted some time to the discussion of national issues and legislation in Congress. He said that Bryan was the originator of the movement for the regulation of railroad rates, etc., and said that Theodore Roosevelt had taken up the path "that bore the bloody swans of Bryan's faithful feet."

The speaker referred to the free silver movement again. Said the Democrats had wanted more money in circulation and that for that they were denounced as anarchists. He said that today we had more money in circulation, and asked: "Who of you would go back to the conditions of 1896, when we only had \$22 per capita circulation for seventy-odd million population, and now have \$33 per capita for eighty-five millions of population?" He asserted that this was the doctrine of Democracy put in force. The Democrats had wanted more money. We had more money now, therefore the Democrats had done it. And then he said: "The silver didn't fit." He slipped it out of the eternal hills. The Democrats in 1896 didn't know there was so much gold in the hills. They had advocated silver. God hadn't told the Democrats there was a lot of hidden gold and he didn't believe He had told the Republicans either. But there was gold and the miners had dug it out and we had it now.

He denounced the tobacco and other trusts and their methods as roundly as a Republican speaker could have done, the only difference being that he charged the Republicans with being the daddy of all the trusts and other things that the people despise." He denounced the Republican party because the government raises a revenue on tobacco and then stated that all governments of the world use tobacco as a revenue producer. He put in a word for the "Dark Tobacco Growers' Association," when he said that through it the price of tobacco to the farmer had been advanced three cents a pound, but that there were a lot of fellows still holding back to see if it was going to benefit them.

Mr. James spoke of William Jennings Bryan in a manner that indicated he looked down upon him as the future leader of Democracy. He closed with a pie for the Democratic county ticket.

After Mr. James had closed his speech there were calls for Laffoon. Mr. Laffoon began by saying that it was hardly his time to make a speech after so brilliant an effort as the speech of Mr. James. He referred to his opponent in the race for county attorney, saying that he "thought he had skinned that Fox."

Among other things he said: "I haven't had anything hard to say against the institutions of Hopkins county." Said he had not even taken the "nigger proposition" in the county, and then proceeded to talk about the "niggers" for the next fifteen minutes. He said: "I believe if the Republican party is successful the county will be 'nigger ridden,'" and declared that the "niggers" ought to have the offices. Said that "The niggers are as well qualified to fill these offices of the county as any other group of individuals on the Republican ticket." The most of his speech was taken up with brief comparisons of the various candidates in the various classes and the setting up of claims that the Democratic candidates were qualified and the Republican candidates not qualified.

MINING NOTES.

Mr. Jim Morgan, of Barnesville, was here Saturday on business.

Foreman Jim Carroll, of Vicoria mines, was here Saturday evening visiting friend.

Barbourville, Ky., Oct. 30.—Dr. Bennett, of Jellico, manager of the Bennett Jellico Coal Co., has purchased the property of the Barbourville Blue Gem Coal Company, which will operate.

Stable Boss Hugh Griffin, of St. Charles, was here this week visiting friends.

Hedda wife was idle Tuesday on account of shortage in the car supply.

A serious explosion occurred in Western Pennsylvania coal mine on Sunday, by which five lives were lost under circumstances which reflect unusual honor upon the dead. Two weeks previously a fire had occurred in a mine, into which water had been liberally pumped for its extinction, and all work had been suspended in the interval. It was thought that the fire had been put out, but before resuming it was decided to have an examination made to make sure of it. Instead of sending operators down, the shaft for that purpose, minor officers of company concluded to go themselves. For that purpose the superintendent, foreman and three fire hoses descended into the mine, all married men with large families and of considerable means. Contrary to their expectations the fire was found to be still burning.

ing, and, in attempting to reach it by removing a barrier, an explosion occurred, in which all were killed. If the explosion had taken place while the miners were at work it is estimated that 500 lives would have been lost.

Henry Magenheimer, of Graham, is visiting his parents, Mr. and Mrs. Jacob Magenheimer, of this city, and friends here this week.

Development of the properties owned by the Broadway Mining Company at Rockport, Ky., has begun by the company. A shaft has been sunk to a depth of 50 feet and it is said that a town will be built near the mine. Wyatt Foard, of Hecla, was here Monday attending the speaking.

Monday was pay day for the miners and consequently we were all happy.

A shortage of coal cars is prevailing on the Henderson division and it is affecting the local mines to such an extent that several of the mines are compelled to lose time on account of the scarcity of them almost every week. Business is good but the car supply is insufficient.

It is expected that the owners and operators of practically every coal mine in Kentucky will meet in Louisville Nov. 14th to take decisive action on the railroad rate bill, which will come up for consideration when Congress convenes next month. It is thought that in all probability a committee will be appointed at this meeting to present to President Roosevelt and the Interstate Commerce Committee of the Senate at Washington a petition declaring against the Esch-Townsend bill. It is said by some of the leading operators of the state that if this bill becomes a law or if simple rate legislation is enacted the coal interests of Kentucky must de-

pend upon the state alone for a market along for the mines of this state after the rates are fixed will not be able to compete successfully in other states where large quantities of coal is produced, for a market. Heretofore, a large amount of coal from Kentucky has been sold in these states.

SETTLED.

Loss of J. M. Victory & Co., Adjusted Promptly.

LOSS NEARLY TWO THOUSAND.

The fire loss of Jno. M. Victory & Co., was agreed upon last night between adjusters for the insurance companies and Mr. J. M. Victory and the papers were concluded with the proper signatures this morning.

The stock of goods was estimated at about \$15,000. The loss as proven and agreed was about \$2,000. Total insurance was \$7500, divided as follows: Hanover, \$2800; Aetna, \$2000; Atica, \$2000; Hartford, \$1000.

Drafts covering the loss are promised at once.

Alberta Gallatin in "Cousin Kate."

There are countless actresses of note who have made for themselves a name by adhering strictly to one class of work, either drama or comedy, but few there are who are possessed of the versatility that is the true test of merit. Miss Alberta Gallatin is among that select number, which fact is evidenced by the work she has done in past seasons.

Miss Gallatin will be seen in "Cousin Kate," at the Morton Theatre, Madisonville, Friday, Nov. 3rd. Prices, 25, 50, 75, and \$1.00. Boxes and first 4 rows \$1.50.

CROFTON ITEMS.

The farmers are through sowing wheat and are getting ready for gathering corn.

Mr. Dan Cranor is erecting a new dwelling at this place and contemplates moving here this winter.

Miss Ethel Keith is at Nortonville teaching music this week.

Mrs. Emma Renshaw, of Hopkinsville, was the guest of Walter Bowles and family last week.

Mr. and Mrs. Dulon Crabtree were in Madisonville Thursday.

Little Lonis and Harry Williams spent Friday and Saturday gathering hickory nuts at Mr. Jonas Crabtree's.

M. T. Hamby made a business trip to Hopkinsville Saturday.

Mr. C. R. Price was in Madisonville Monday.

Dulon Crabtree and wife are visiting Mrs. Alice Crabtree, of Dalton, this week.

Mrs. Martha Denton and daughters, Misses Oslo and Leone, of Red Hill, were here Thursday shopping.

Mesers. Dove and Ben Cranor made a business trip to Hopkinsville Thursday.

Lucien Hite, who has been ill of typhoid fever, is able to be out again.

John Wigens and family of Madisonville, were here Thursday.

J. Spurling's horse threw him last Sunday but he was not seriously injured.

Several people from this place attended the show at Hopkinsville Wednesday.

Rev. West, of Fairview, failed to fill his appointment at Madison Sunday on account of illness.

Clarence Price and wife visited her father's family near Mannington Sunday and Monday.

M. T. Hamby has moved near Nortonville, where he will make his future home.

C. R. Price contemplates moving to Hopkinsville soon.

C. Gamblin and wife, of West Fork, were here Saturday shopping.

J. Y. Crabtree and wife spent Sunday at M. T. Hamby's.

Mothers everywhere praise One Minute Cough Cure for the suffering it has relieved and the lives of their little ones it has saved. A certain cure for Cough, Croup, Whooping-Cough, & Colds—Makes breathing easy, eases the phlegm, and draws out the inflammation.

Painters for Dairymen.

Soft, white butter comes from hot cream.

Milk quickly, cleanly, quickly. Cow hate haste.

Too much sourness in cream causes white specks in butter.

Keep the fresh, warm milk separate from the old. It keeps better.

Test your milk. It is not quantity so much as the quality that counts.

Keep the helper, intended for the dairy, in thrifty, growing condition.

If you are buying new milk utensils, see that all joints are smoothly soldered.

Set milk after milking before it becomes as cool as the atmosphere. The cream will rise better.

Ave the milk for the calves sweet, and of the same temperature as when it comes from the cow.

Give the cows plenty of pumpkins. If fed with the grain ration they will increase the milk flow.

The nervous, restless cow, always tossing her head, should be dehorned before she hurts somebody or something.

Habits of milking and feeding are established when the helper has her first calf. She should be very carefully handled at this time.

Remember that a measure from a single animal is worth about \$20 a year. Don't let it waste in the hardware or under the eaves.

The demand is unusually great than the supply. As turkeys can be produced at a maximum cost of 8 cents a pound, there is no reason why they should not be raised more extensively.

There are over \$500,000 turkeys produced each year in the United States, and the price ranges from 10 to 20 cents a pound at wholesale.
